Appendix 3	Link to list of Current licensed premises
Appendix 4	Minutes of the Angus Local Licensing Forum and Angus Licensing Board 21 February 2023

1. Background

- 1.1 The Angus Licensing Board ("the Board") is constituted under Section 5 and Schedule 1 to the Licensing (Scotland) Act 2005 ("the Act") as amended. The Board is the licensing authority for the local government area of Angus for the purposes of the Act. The main administrative centre for Angus Council is based at Angus House, Orchardbank Business Park, Forfar, DD8 1AN.
- 1.2 Angus shares its borders with the City of Dundee, Perth & Kinross, and Aberdeenshire Councils and covers around 2182 square kilometres benefiting from 93km of coastline. Around 116,000 people live within the area which is set on the east coast of Scotland. The seven main towns in Angus are Arbroath, Brechin, Carnoustie, Forfar, Kirriemuir, Monifieth and Montrose.
- 1.3 This report is prepared on an annual basis as required by the Act¹. It will cover the Board's activity for the last financial year. There is additional information about the Board and its decisions on its website: -

[Angus Licensing Board](#)

2. The Licensing Board

- 2.1 The Board in respect of 1 April 2023 to 31 March 2024 was formed around May 2022 following the local government elections and comprises nine members, all of whom are elected members of Angus Council.
- 2.2 Over 30th, 31st May and 8th July 2022, all 9 current members received the statutory day's training from Alcohol Focus Scotland in licensing legislation and Board functions. This included a post training examination which required them to pass with a minimum of 75%. They all passed. Since this initial training, and during the course of the last financial year, Board members continue to be notified of changes in the legislation when required and continue to keep their own knowledge up to date. The Board members have attended training, along with the wider group of Elected Councillors, which focused on good decision making and good governance and part of the training focused on quasi-judicial proceedings.
- 2.3 The Board recognises the need for development of understanding and awareness of licensing law and practices and having up to date knowledge of the effects of alcohol on people across Angus. The Board are of the view that this is essential to making informed licensing decisions.
- 2.4 In the year from 1st April 2023 to 31st March 2024, the Board convened on nine occasions to determine the applications and reviews as shown at **Appendix 1**. Applications permitted to be dealt with in accordance with the Board's Scheme of Delegation are shown at **Appendix 2**. A list of licensed premises in Angus can be found on the online licensing Register. A link to this is

¹ Section 9A of the Licensing (Scotland) Act 2005

provided at **Appendix 3**.

- 2.5 Applications and reviews before the Board were dealt with in an open and transparent manner in accordance with current licensing legislation, the Scottish Government Guidance issued to Local Authority Licensing Boards and the Board's Statement of Licensing Policy. The Board's business continues through remote meetings and hearings. Members of the public, along with applicants, have been able to engage with meetings via live streaming and via Microsoft Teams.
- 2.6 The Board is fully aware of the need to ensure that the licensing process is accessible to all and thus information and assistance is always available on request for those who require special arrangements to access any part of the process.
- 2.7 At the Board meetings, the Board attempts to make the process as informal as possible while remaining consistent with the carrying out of the Board's quasi-judicial function. The Board always attempts to follow best practice in enforcement including adoption of standards, which will, in its actions, be proportionate, accountable, consistent, transparent and targeted.
- 2.8 The Board recognises the benefits that remote meetings can bring. Through the use of this technology, the Board continues to progress the business of the Board and applicants and licence holders have responded positively to engaging with the remote meetings.
- 2.9 Under the Act, the Board is responsible for considering applications for:-
 - premises licences
 - provisional premises licences
 - temporary licences
 - occasional licences
 - personal licences
 - transfer of premises licences
 - variation of premises licences
 - extensions of licensing hours in respect of:
 - the sale of alcohol by retail; and
 - the supply of alcohol in members clubs

3. The Licensing Objectives

- 3.1 Section 4 of the Act sets out the following five licensing objectives ("the licensing objectives"):-
 - preventing crime and disorder
 - securing public safety
 - preventing public nuisance
 - protecting and improving public health, and
 - protecting children and young persons from harm

- 3.2 The licensing objectives represent the principles upon which the licensing system is based. In exercising its functions under the Act, the Board has full regard to the licensing objectives. The Board acknowledges that the five licensing objectives carry equal weight and importance and are of paramount consideration when they are exercising their responsibilities. The Board recognises that its function is in respect of the licensing regime. It focuses its determinations, when relevant, on the licensing objectives for matters which are directly related to the sale of alcohol, in accordance with case law.
- 3.3 Angus Council has byelaws in place prohibiting drinking in certain public places within the Burghs of Brechin, Carnoustie, Montrose, Forfar, Arbroath and Kirriemuir. These byelaws are intended to assist in making safe all public areas covered by them and further assist the Board in ensuring the licensing objective of securing public safety is being met. The Board is obligated to review these Byelaws every ten years.
- 3.4 The Board further recognises that the licensing objectives provide potential reasons for refusal of an application for the grant, variation or transfer of a premises, temporary premises, or provisional licence, or an occasional or extended hours licence under the 2005 Act. In addition, that breach of the licensing objectives may provide grounds for reviewing any type of licence under the Act. Conditions attached to any grant of an application under the Act may, be based on any one or more of the 5 licensing objectives.

4 Equalities Mainstreaming Report

- 4.1 Angus Licensing Board continues to adopt Angus Council's Equalities and Mainstreaming Report and Equality Outcomes approved by Angus Council. Angus Council is committed to tackling inequalities and this commitment is demonstrated within the report. The Report contains outcomes which are agreed to be key in addressing and making progress with these important issues. The Board has adopted this Report with a view to carrying out its functions in accordance with the outcomes and ethos of the report.
- 4.2 The Equalities and Mainstreaming Report adopted by the Board, along with the outcomes can be found here:

[Equality Mainstreaming Report](#)

5 Angus Licensing Board Statement of Licensing Policy

- 5.1 During the course of the last financial year, the Board was required to review the Statement of Licensing Policy. At its meeting on 14 September 2023 the Board approved the current Statement of Licensing Policy, which was issued in November 2023. A link to the Statement of Licence Policy can be found here:

Statement of Licensing Board Policy

The Board consistently has regard to this policy when exercising its functions, and any relevant Policy and or statutory provisions are included in every Board Report which is prepared for each item heard by the Board. Any departures from policy have been reasoned out and determined on a case-by-case basis.

6. Duty to assess overprovision

- 6.1 The Board's current Statement of Licensing Policy again includes a policy statement to the effect that it has not been possible to identify any locality where data supports a robust and compelling argument that the prevalence of licensed premises has reached, or is close to reaching, overprovision. Therefore, there is no presumption against the granting of new licences within any locality in Angus. However, the Board recognises that each application for a premises licence requires to be determined on its own merits and the Board may still refuse an application if it is satisfied, from evidence presented to it, that there would be an overprovision of licensed premises in that locality if the application were to be granted.

7. Summary of decisions made by, or on behalf of, the Board

- 7.1 During the period 1 April 2023 – 31 March 2024 the Board heard and determined the applications detailed within Appendix 1.
- 7.2 In relation to applications, most applicants attend and many have legal representation to assist them with their application and attendance at the board hearing.
- 7.3 Members of the public have been able to attend the Board meetings both remotely and in-person during this financial year unless the Board determines to convene in private. Minutes and Agendas are posted on the Council's website.
- 7.4 There are a number of licences which are issued out with a formal Board setting and are issued in line with the Scheme of Delegation. Occasional Licences are the most common type of application granted in this way.
- 7.5 In assessing applications, the Board can use a considerable number of different sources of information to enable them to reach fully considered determinations. These sources can include reports from Angus Licensing Standards Officer, Scottish Government Guidance issued to Local Authority Licensing Boards, Police Scotland, NHS Tayside, Angus Drug and Alcohol Partnership, Alcohol Focus Scotland, Scottish Fire and Rescue Service, Scottish Ambulance Service, Local Residents, Angus Local Licensing Forum, Angus Council Services including Building Standards, Environmental and Consumer Protection, Roads, Planning and Safe Events, Councillors' knowledge, information and or submissions made by objectors, members of

the public, local licence holders, material from local and national news on alcohol issues and misuse, relevant legislation and applicable case law, as well as guidance and advice obtained from the Board's licensing practitioners.

8. Objections

- 8.1 If objections are received, all entertained objections and representations are taken into account in the Board's decision-making process. All objectors are invited along to the Board meetings in order to be heard in person, in addition to their written representations. The Board are also able to impose additional conditions which address concerns being raised by objectors and always give reasons for their decisions.

9. Licensed Hours

- 9.1 In granting licences the Board recognises that licensing hours are important to individual licensed premises but can have a wider impact for an area. Balanced against this, the Board does not wish to unnecessarily inhibit the development of thriving and safe evening and nighttime local economies which are important for investment, employment and tourism. The Board considers that the on-sale policy hours are appropriate for Angus and represent a balance between the interests of the public, residents, licensed businesses and patrons of licensed premises.

- 9.2 For applications relating to occasional Licences and general licensed premises (except for off sale licensed premises) – the licensed hours permitted by the Board are:-

11.00 am to 12.00 midnight on Sundays
11.00 am to 12.00 midnight - Monday to Thursdays (inclusive)
11.00 am to 1.00 am Friday and Saturday

For applications relating to licensed premises where the activities permitted to be carried on as specified in the operating plan comprise public entertainment (such as dance halls, discotheques and night clubs) and provided that alcohol is sold as an ancillary to the entertainment, the licensed hours generally permitted by the Board are:-

11.00am to 12.00 midnight on Sundays
11.00am to 12.00 midnight Monday to Thursdays (inclusive)
11.00am to 2.00 am Friday and Saturday

- 9.3 In terms of the Act, the sale of alcohol for consumption off the premises is not permitted before 10.00 am and after 10.00 pm. The Board's policy is that maximum available licensed hours of 10.00 am to 10.00 pm each day are generally appropriate for off sales. However, each off sales application is assessed on its own merits against these licensed hours and the Board aims to ensure that the licensing objectives are being promoted

in such applications. If this is not demonstrated to the Board, the Board may grant reduced hours for off sales.

- 9.4 Each application for a premises licence is assessed on its own merits against the on-sale policy hours appropriate to the type of activity for which a licence is being sought. Where an application received is requesting licensed hours exceeding 14 hours, the Board will require further information for the consideration of such applications and the Board will take into account the effect of granting such a licence will have on the area.
- 9.5 Should an application be received in respect of opening earlier than 11am, the Board will expect the applicant to justify their request and demonstrate measures that promote the five licensing objectives.
- 9.6 Extended hours applications are individually assessed on their own merits. When the extended hours sought are in respect of on sale premises and fall out with on- sale policy hours appropriate to the applicant's premises, the applicant is required to demonstrate to the Board that there are good reasons for the hours sought and that the hours are appropriate in the circumstances. The applicant will require to provide the Board with sufficient information to enable a decision to be made in this regard. This information will include:-
- the hours sought;
 - a description of the special event or occasion;
 - the proposed activities to take place during these hours;
 - when each activity will take place;
 - information regarding steps taken to avoid any extension causing a public nuisance;
 - why the event or occasion is considered to be special;
 - why the event or occasion cannot take place within the on-sale policy hours appropriate to the applicant premises.

10. The Angus Local Licensing Forum

- 10.1 The role of the Angus Local Licensing Forum ("the Forum") is to keep under review the operation of the Act in the Angus area, to review the relevant Board functions, give policy advice and make recommendations to the Board as the Forum considers appropriate.
- 10.2 The Forum was first established on 22 November 2007. The Forum's membership consists of premises and personal licence holders, local residents, representatives from Angus Council Health Education and Social Work Service, representatives of the Angus Drugs and Alcohol Partnership (A.D.P), representatives from Police Scotland and the Angus Licensing Standards Officer. The Forum intends to meet on a quarterly basis.
- 10.3 The Licensing Board are formally required to meet with the Forum at least

once in each calendar year. They aim to jointly meet every year in October/November and have done so since 2008. Unfortunately for a number of reasons a meeting in the financial year 2023_24 has not been possible, however it is due to be scheduled as soon as is practicable. The Minute of the delayed 2022_23 meeting (held in February 2023 due to COVID) has therefore not been approved. A copy of the draft minute of the Joint meeting of the Forum and the Board held on 21 February 2023 is attached as **Appendix 4**.

11. Conclusion

- 11.1 The Board continue to be aware of the extreme difficulties experienced by the Angus licensing trade since March 2020 as a direct result of the COVID 19 Pandemic. The Board recognises the detrimental human cost and financial impact made upon the trade and have aimed as always, to assist the trade where they could.
- 11.2 Whilst the Board accepts that licensed premises in Angus are well run and regulated, the Board will continue to ensure that high standards are maintained and the licensing objectives of the 2005 Act are complied with in the period 01/04/2024 to 31/03/2025.
- 11.3 The Board expresses its extreme gratitude of the efforts of the many officers, partners and stakeholders involved in ensuring that licensed premises in the Angus area are compliant with, and kept well informed of, the requirements of the vast array of licensing legislation and regulations.

16/03/2023	Carnoustie Golf Centre	Carnoustie Golf Links - On Course	20/04/2023 - 03/05/2023	10.00 To 21.00	<p>The alcoholic products for sale will be a small selection of Malt Whisky 5cl miniatures. A limited range of lager in 440ml cans. We will not sell mainstream products, instead we will have our own range of branded products. All items are sold in sealed containers. Water and soft drinks will also be available. Alcoholic products are available for off sale only by contactless payment. Alcohol sales on a golf course is now an expectation but this must be done tastefully and in keeping with the venue. We feel our approach to the branded goods and the point of display is a very tactile way of introducing this new product & service. The alcohol available for purchase is to be displayed and sold from a secure</p>	14/04/2023

					vehicle which will be continually manned by a trained staff member who is a Personal License holder. Vigilance will remain a key point with this new offer and our staff will receive continual training and guidance to support the safe selling and consumption of alcohol here at Carnoustie. Both the Golf Ranger and the Bar staff member located on the 8th Tee will be linked into the communications system that will give them access to the Golf Ops team and Greenkeepers should an event occur that requires immediate support. CGLMC will enforce a strict policy of age verification and refusal of sale to anyone who is either unable to confirm their age or is intoxicated to the point that any more alcohol would be detrimental. Regarding any behavioural incidents, staff will be trained on dealing with difficult customers and how to manage a refusal of sale. Should there be any behaviours that are not in-keeping with our expectations we will apply our already well-established policies which could result in the removal of a customer and in the extreme events the involvement of the police.

Board Date 17/08/2023 – Occasional x 158

Date	Name	Premises	Event Dates	Granted Hours	Description of Activities	Granted Date
28/04/2023	Martin Robert Brown	Angus Alchemy	30/06/2023 13/07/2023	On Sales Tastings 10.00 - 22.00 Off Sales 10.00 - 22.00	Craft gin tastings and ancillary shop Deliveries of alcohol	02/06/2023
04/05/2023	Jory Duncan	Glamis Castle Grounds	08/07/2023 09/07/2023	On Sales 10.00 To 22.00 Off Sales 10.00 To 22.00	Selling vodka, gin and rum for consumption off-site.	02/06/2023
04/05/2023	John, Alexander Anderson	Glamis Castle Grounds	08/07/2023 09/07/2023	10.00 To 17.00	Off sale of alcohol.	02/06/2023

20/03/2023	Carnoustie Golf Centre	Carnoustie Golf Links On Course	27/07/2023 09/08/2023	10.00 To 21.00	<p>The alcoholic products for sale will be a small selection of Malt Whisky 5cl miniatures. A limited range of lager in 440ml cans. We will not sell mainstream products, instead we will have our own range of branded products. All items are sold in sealed containers. Water and soft drinks will also be available. Alcoholic products are available for off sale only by contactless payment. Alcohol sales on a golf course is now an expectation but this must be done tastefully and in keeping with the venue. We feel our approach to the branded goods and the point of display is a very tactile way of introducing this new product & service. The alcohol available for purchase is to be displayed and sold from a secure vehicle which will be continually manned by a trained staff member who is a Personal License holder. Vigilance will remain a key point with this new offer and our staff will receive continual training and guidance to support the safe selling and consumption of alcohol here at Carnoustie. Both the Golf Ranger and the Bar staff member located on the 8th Tee will be linked into the communications system that will give them access to the Golf Ops team and Greenkeepers should an event occur that requires immediate support. CGLMC will enforce a strict policy of age verification and refusal of sale to anyone who is either unable to confirm their age or is intoxicated to the point that any more alcohol would be detrimental. Regarding any behavioural incidents, staff will be trained on dealing with difficult customers and how to manage a refusal of sale. Should there be any behaviours that are not in-keeping with our expectations we will apply our already well established</p>	22/05/2023

04/05/2023	Royal British Legion Scotland Montrose Branch Social Club	Royal British Legion Scotland Montrose Branch Social Club	27/05/2023 28/05/2023	Saturday 11.00 To 23.45 Sunday 12.30 To 22.45	Mo Live is a scaled down version of what used to be known as Mo Fest. An Annual Montrose Event. As a Club we have always participated in some form. We have booked two lots of musicians for Saturday 27th. May - suitable for our patrons. 1 in the afternoon 3pm - 5pm and 1 for evening finishing at 11pm and one Band for Sunday 28th May. 3pm - 5pm. Although these Bands were specifically chosen to suit our patrons and their allocated guests, we would like to afford non-members into our Club on these dates. Most Musicians / Bands have their own followers, and we would like to include them on this occasion. It affords us the opportunity to show people our facilities and enjoy what as a club what we have to offer.	22/05/2023

Apologies: Apologies for absence were intimated on behalf of GRAEME STRACHAN, Holder of a Personal Licence, Councillor LLOYD MELVILLE and SERGEANT JAMES GORDON, POLICE SCOTLAND.

Sheena Cochrane, Chair of Angus Licensing Forum in the Chair

1. WELCOME AND INTRODUCTIONS

The Chairman welcomed all those present to the fifteenth Joint Meeting of the Angus Local Licensing Forum and Angus Licensing Board. Thereafter introductions were made.

2. MINUTE OF PREVIOUS JOINT MEETING

There was submitted and noted the minute of meeting of the Joint Meeting of the Angus Local Licensing Forum and the Angus Licensing Board of 25 November 2021.

3. ANGUS LOCAL LICENSING FORUM

Sheena Cochrane, Chair, reminded those present that there was a statutory requirement for the Licensing Board and the Forum to meet together at least once a year. She stressed that the joint meeting marked the continuation of a positive relationship between the Licensing Forum and the Licensing Board and that the Forum had a wide range of knowledge, interests, experience and skills, all of which were available to the Board to help them in developing and exercising their functions.

As a Forum, Mrs Cochrane felt members experience had grown over the past fifteen years and were now well on their way to carrying out their remit as set out in the 2005 Act. It was also heartening to have such a good working relationship with the Board and hoped this would continue with the newly appointed Board members.

She advised that the membership of the Forum had stayed the same and as the Forum continued to get back to normal, they hoped to recruit some new members especially some young people.

The Forum had meet on two occasions during 2022 in February and July and the members heard how drugs referrals had increased and there were now a lot more cases where cocaine was instrumental along with alcohol. Online help was now available through the "Breaking Free" online programme which helped users break free from substance use.

Breaking free was a confidential recovery support programme that users could access online whenever they need it and it was noted that this online programme allowed users to work on their recovery at their own pace and gave them positive coping skills that were proven to work. The forum members had given their backing to this programme.

Sheena also advised that the Forum continued to give their backing to the "Ask Angela" campaign where should a person on a night out feel unsafe, they could approach a member of the bar staff and "ask for Angela". This campaign had already been rolled out in a number of areas in Scotland.

She acknowledged how challenging the past few years had been for the hospitality sector and thanked the licensing staff of Angus Council and the Angus Licensing Board for the tremendous support and work that has been done during this difficult time to help the hospitality industry especially with the granting of outside drinking areas.

In conclusion, Mrs Cochrane wished the trade a successful year and hoped that the difficulties from the pandemic would pass soon and would not have a significant impact on the hospitality trade in Angus. She also thanked Forum members for their commitment and Angus Council for the administrative support given to the Forum.

4. ANGUS LICENSING BOARD

On behalf of the Board, the Convener, Councillor George Meechan, expressed their appreciation for the opportunity to hold an annual joint meeting and indicated that it underpinned the mutual benefit of working together for the people of Angus. Both organisations strived constantly to encourage responsible drinking within the County and to work towards reducing anti-social behaviour.

He advised that the Board, through the Licensing Team, continued to assist members of the public, internal and external agencies, consultees, and licence holders and their agents with professional guidance and effective responses to applications and enquiries with the aim of providing the highest standard of customer care and professionalism.

Following the local Government elections in May 2022, a new Licensing Board was formed and there were a number of new members appointed to the Board. The members welcome this opportunity to come together with members of the Forum and have this opportunity to review the Statement of Licensing Board Policy with you all and hear your thoughts and views.

Councillor Meechan advised that since the last joint meeting of the Angus Licensing Board and Licensing Forum on 21 November 2021, the Angus Licensing Board had met by remote on eleven occasions and during these meetings the Board had dealt with the following matters : -

- 7 new premises licence applications

- 3 provisional premises licence applications
- 26 requests to vary premises licences
- 2 reviews of premises licences
- 4 review of premises licences for non-payment of fees
- 7 matters pertaining to Personal Licences
- 1 Transfer under Section 33
- Considered 3 applications for Personal Licences which were not delegated to the Clerk.
- 1 Extended Hours applications
- 2 Occasional Licence applications

The following applications were also dealt with in accordance with the Scheme of Delegation, as at 17 February 2023:-

- 545 Occasional Licence applications
 - 6 Extended Hours application
 - 105 Personal Licence applications
 - 61 Requests for minor variation or transfer
 - 7 Premises Licences Surrendered
- As of 17 February 2023, there were 348 premises licences in-force: (up 8 from previous year)

- 116 on-sales
- 139 on/off sales
- 93 off sales

The convener advised members that the Board would return to face to face meetings soon and would be held in the Chambers, Town and County Hall, Forfar. There was a new system being installed which would allow the Board to hold hybrid meetings and invite anyone who can't attend in person to join the meeting by remote access.

The Convener also advised that the standard of how premises were run in Angus remained high and following the recent appointment of Kevin Leith, the new Licensing Standards Officer, he would be kept informed from the clerk, licensing staff and LSO in respect of the visits he undertook, and any issues that may arise from them. He also expressed his delight that the licensing trade continued to work together in a co-operative manner with our new LSO and licensing team as a whole, making sure that standards are upheld and the five licensing objectives adhered to.

He concluded by thanking the clerk, committee officer, and Licensing Team, for whom it had been another extremely busy year, for their most willing support, guidance and advice. He also thanked the Board members for their wealth of knowledge, experience and wisdom which they constantly bring to all Licensing Board meetings. On behalf of the Board, he thanked Police Scotland, ECP and Building Standards Officers who frequently have to endure lengthy meetings and deliberations for their input advice and guidance which was much appreciated.

He wished the Licensing Forum every success in the year ahead and hoped to continue to attend future meetings.

5. UPDATE BY POLICE SCOTLAND

Constable Darren Smith gave members an update on the work currently being undertaken by Police Scotland and thanked the licensing trade for their continued engagement with them especially in light of the recent pandemic. He advised that 498 visits had taken place across Angus with only one premises review being reported to the Board.

The By Stander Training provided by Police Scotland had been well received and it was hoped to run further training sessions. Training sessions over Teams were also being provided for the "Ask for Angela" campaign which helped prevent sexual issues and protected

vulnerable lone females. Posters were being put up in various premises in Angus advising about this campaign.

It was also noted that SIA door Stewards were now being offered training to help them deal with the issues of vulnerabilities.

He advised that there were no major issues within Angus and early intervention regarding any troublesome licensed premises was found to be the best approach to help avoid further problems in the future.

The Chairman thanked Constable Smith for his update.

6. CHIEF CONSTABLES REPORT TO ANGUS LICENSING BOARD

There was submitted and noted the Chief Constables Report to the Angus Licensing Board for the period 1 April 2021 to 31 March 2022.

7. ANNUAL FUNCTIONS REPORT – SECTION 9A OF THE LICENSING (S) ACT 2005

There was submitted and noted for information, Report No LB 29/22 by the Clerk advising of the new statutory requirement to produce an Annual Functions Report and presenting the fourth Annual Functions Report for the period 1 April 2021 to 31 March 2022 as detailed in Appendix 1 to the Report.

The Report indicated that on 20 December 2017, Section 56 of the Air Weapons and Licensing (Scotland) Act 2015 amended Section 9 of the Licensing (Scotland) Act 2005 and inserted a new Section 9A which obliged all Licensing Board to produce an Annual Functions Report no later than 3 months after the end of each financial year ending on 31 March.

The members noted the information provided.

8. REVIEW OF STATEMENT OF LICENSING BOARD POLICY

There was submitted and noted for information, Report No LB 4/23 by the Clerk advising the Board of the requirement to review the Board's Statement of Licensing Policy and to approve the review process.

The members noted that a press release would be issued via Facebook and Twitter advising the public of the review process and how to make comments or suggestions. The "Have your Say" area of Angus Council's website would be utilised as a means of advising of the consultation exercise and in gathering comments or suggestions.

Mrs Cochrane, Chair, advised that it would be good to see guidance within the new Statement of Licensing Policy for outdoor areas. It was also felt that maybe during the months of June to August outdoor areas may wish to remain open until 10pm due the the lighter nights.

Discussion also took place on the Christmas and New Year hours and members noted that should Christmas Eve fall on a weekday this meant that for most premises, they could only trade until 1am. However, if it fell on a Saturday or Sunday most premises could stay open until 2am. It was felt that Christmas Eve opening hours should be the same whichever night it fell on.

In connection with the review, Laura Ogilvy advised that Dr Kirsty Licence, Consultant in Public Health Medicine would be providing a report to the Clerk detailing the recent Accident & Emergency statistics along with the number of deaths and referrals from alcohol related illnesses.

The LSO address members and advised that the Home Delivery conditions would be included in the new policy.

Members expressed concern at the lack of taxi's available for patrons or staff to get home safely late at night and it was noted that this was becoming an issue across Angus.

The members noted the process for carrying out the review and would look to help identify any particular aspect of the Board's current Statement of Licensing Policy that it would, in particular, wish to be considered as part of the review.

9. TIMETABLE OF MEETINGS FOR 2023

It was agreed that the Forum meet on the following date: -

Monday 12 June 2023

February or March 2024 – Joint meeting with Board and Forum members.
